

ICE TIMES – BMHA TEAMS – WHAT TO EXPECT

Updated December 4, 2020

The safety of all BMHA participants and their families is our top priority and key to the planning and carrying out the 2020 season plan. Below is a summary of protocols and procedures outlined in our Return to Play Plan ([found on our website](#)) that will help reduce risk and permit our children to play the game they love – we will need all our members to follow these procedures in order for our season to happen.

Yellow highlights identify changes from the previous version.
